Piano/Keyboard Christina Runyan
Percussion Tony Peterson
Piano/Keyboard Joel Beyer

Directors Notes

Middle School SPA 2007 has been busy exploring building blocks involved in the disciplines of music, drama and dance. The bits and pieces that when combined in a step by step process, comprise a finished dance, drama or song worthy of a stand alone performance. And the step by step process of combining those songs, dramas and dances come together to form one cohesive show. Listen carefully to the opening chant to hear some of these skills and building blocks. This is what we are excited to share with you tonight. "Bit by bit, piece by piece, STEP BY STEP we put it together."
