This is the 10th anniversary of the MySPA Program. To celebrate, we rewrote the lyrics to "The 12 Days of Christmas" to showcase the last 10 years.

On the first year of MySPA the program gave to me,

A fairy tale about a princess and a pea

Two western shootouts

Three decades past

Four different seasons

Theater across America

All five senses

One special star

Eight bright colors

A trip around the world

This song right here
