

SPA REGISTRATION FAQ

How do I register for SPA?

Registration has moved exclusively online, as all Grand Forks Public Schools (GFPS) programs now register and receive payment via MySchoolBucks. SPA is a program of the GFPS. For those unable to use MySchoolBucks, there is an alternate method of online registration via Google Form.

If I need to register with an alternate method (google form) can I pay by credit or debit card?

Not at this time. Accepted methods of payment are cash, check, and money order.

My child is in 5th grade. Are they in Elementary or MS SPA?

Elementary. Our programs are listed by grade the student is currently in as of today.

Do you offer financial assistance?

Yes. Because of grants and generous donors, we are able to help families that need a little assistance. You will register via google form, and also fill out a financial request form, also a google form.

I don't live in Grand Forks and my children don't attend a GFPS school. Can my children do SPA?

Yes. There is an out-of-district fee for certain programs, and it will be reflected in the registration cost. Contact the SPA office if you have specific questions. spa@mygfschools.org

Why is Red River not an option for Elementary SPA in June?

Red River is hosting High School Summer School this summer, and the dates/times conflict for building usage.

Can I register for more than one elementary SPA session?

Yes. But we strongly encourage you pick a different location for each session, as your student will get a more varied experience.

I don't understand the High School SPA signup. Why is there a zero cost option?

A student can participate in the High School SPA program at zero cost. This is because we offer High School Credit to participants. The optional \$95 package listed on the registration page pay for items and activities in the summer that aren't included in the educational process - a sweatshirt, production t-shirt, digital cast photo and after-SPA activities we host on Thursday evenings. You can elect to do the zero cost option (registration only) and pay for items during the summer, but we highly encourage selecting the package for ease and convenience.
