

2015 MySPA Showcase

Theatre Moves Us

Please take time to look at the art work on stage and in the foyer, created with heart and soul by the students. This season we explored all sorts of transportation considering how we get from one point to the other. We realized that finding songs to match our theme was easier than we thought. You can sing along to “Yellow Submarine”, “Row, Row, Row Your Boat”, “Walking on Sunshine”, “On the Road Again”, “Wells Fargo Wagon”, “When the Saints Go Marching In” and “Leaving on a Jet Plane”.

A collaboration of efforts between SPA and Special Education makes this showcase a truly unique experience for everyone involved. We truly appreciate the hard work from our students, teachers, volunteers, parents and the community.
