NOTES FROM THE ADMINISTRATION

SPA is an example of what makes Grand Forks a great place to grow and learn. It features opportunities for a variety of students. It is staffed by outstanding professionals, high expectations are present for each participant and the community support is exceptional. This is a formula for success...and that is what the students experience.

Over the years, the students and staff have developed "SPA traditions." All of us appreciate these defining activities. At the same time, SPA also captures our attention with fresh ideas and updates. This wonderful combination of tradition mixed with cutting edge programming provides the ingredients that make SPA the place to be... whether you are a student, staff, or community audience member.

Dr. Mark Sanford, Superintendent of Schools
SPA--What a Jewel! After 19 years SPA is stronger than ever. SPA is a complete program for our youth in Grand Forks with many different opportunities for personal and group growth. I am proud to be in a district and a community that takes great pride and gives such wonderful support to the fine arts.

Ron Grunwell, Assistant Superintendent of Schools

Thank you to all of the parent volunteers that helped us this summer with their time and efforts! Parents helped us supply food and treats for the staff and students, usher performances, and much more.

Milkti Freije, Joani Kilber, Tamara & Scott Harter, Cindy Jensen, Mike & Cheri Douglas, Glenn & Kathy Moen, Idette Graham, Peg O'Leary, Pam Laffen, Julie Abrahamsen, Mary Ann Lumpkins, Pat Guthmiller, Jenny Sun, Kim Amundson, Sue Jeno, Tamil Lazur, Donna Smith, Annette Hovey, Loraine O'Shea, Jolene Mikkelsen, Deb & Greg Nelson, Pam Davis

There were many helpers this year...I apologize if I have left your name off of the program. Thank you to you all for your help and support.

NOTES FROM THE ADMINISTRATIVE DIRECTOR

Next year we mark the 20th Anniversary of SPA. As we anticipate that milestone we are also experiencing new aspects to the program. In 2006 we welcome a new directing team for *Joseph*. They represent the "next generation" of SPA. They don't know it yet, but they will need to take over the entire program in just a few years. Please don't tell them. Also, we have continued to grow in all levels of SPA, with the Middle School SPA going from 70 some students in 2005 to almost 140 this summer! This summer we will have 9 Elementary performances, 2 Middle School performances, 5 recitals, and 15 High School performances--31 in all.

As I have watched the various performances in all the locations (Central, Phoenix, South and Red River), I am reminded of three things: ONE--we have many talented educators who are willing to give of their time and talents to help make SPA happen. TWO--we are blessed with some beautiful facilities that can host these events. And, most importantly, THREE--we have a community full of youth that are not only talented, but also dedicated to working together to produce wonderful entertainment. What great community leaders they will make in a few short years.

Thank you for attending this performance. Thank you to all the community supporters. Enjoy as the "Kids of Summer" take the stage!

DIRECTOR'S NOTES

The Music Man opened on Broadway for the first time in 1957. It has been considered the most impressive show done by a "first time" composer ever. Meredith Willson wrote the book, the music and the lyrics. He invented the entire idea, and he set it in a small midwestern town around 1913. That alone was a fresh idea for Broadway. The interweaving of barbershop, marching band style and rhythmic patter makes the score unique even now.

The Music Man is a favorite in Grand Forks. It has been produced many times by many different groups. I can't imagine that there are very many people in the audience who are experiencing this show for their first time. The fact that it is so well known is a challenge in itself. Some of you may know all the lines! SPA did *The Music Man* on this stage in 1999 and in 1991. It works well for us because there are so many parts and there are so many large group scenes. In this production, we have based our show on families and family values. If you see the show several times, please watch how the families in the ensemble interact. Each family should have its own story to tell. In a small town many families are related, and everyone knows everyone else. That is what we hope that you will notice.

There isn't a deep message, but the simple theme of community is evident. The SPA students grow as a community each summer. These students have worked very hard to be the community of River City, Iowa for you. The cast and crews hope that you feel a part of this community and that you enjoy yourselves as you watch *The Music Man*.

Connie Sherwood

A SPA TRADITION

Following tonight's curtain call, there will be a final musical number. The rest of the students in the Summer Performing Arts Company will join the cast to perform "I Sing the Body Electric." This song has closed all SPA performances for the past 19 years. This symbolic song ties the entire program together. It has different meanings to different students, but a common theme can be found in the literal text. The students are celebrating not only the arts, but their growth in the arts yet to come. They will go on to create their own tomorrows as they continue in music and theatre. The song also symbolizes the passing of a class. This is the last summer program in which the class of 2006 will be able to participate. This "passing of the tradition" is represented by the two soloists selected to sing. James Freestone, a senior, will sing the first verse then turn the spotlight over to ninth-grader Ben Sun, a student new to the High School SPA company.

"*And in time we will all be stars.*"

HOW DO YOUR DONATIONS HELP?

The Summer Performing Arts Company is a program designed to have something for everyone. Every year the number of students enrolled in SPA has increased, and the size of the program grows to fit these numbers. Continual growth has many benefits, but it also brings many more expenses. That's why donations are such a key element of the SPA program.

Donations are used for many aspects of SPA. A scholarship fund has been established in order to help families with financial needs. We want to make sure that no student is ever turned away due to financial concerns. Donations also provide opportunities for students to work with guest performers.

SPA is an educational program that channels the energy of students into positive creativity and teamwork. These aspects, with a greater appreciation for the arts, help shape students into more active members of the Grand Forks community. At the same time, SPA provides entertainment to the area every summer.
